

Thusi's Bakery Website Project Proposal

1. Organization Overview

Thusi's Bakery is a small local bakery that provides bread, cakes, and snacks to the community. The bakery aims to deliver fresh and quality baked goods while growing its customer base.

2. Website Goals and Objectives

The website will display bakery products, provide contact information, support online orders, and improve customer engagement.

3. Proposed Website Features

The website will include a homepage, about page, products page, and contact page. It will also include product images, an enquiry form, and easy navigation.

4. Design and User Experience

The design will use brown, cream, and yellow colours to match the bakery theme. The interface will be simple, modern, and easy for customers to use.

5. Timeline and Milestones

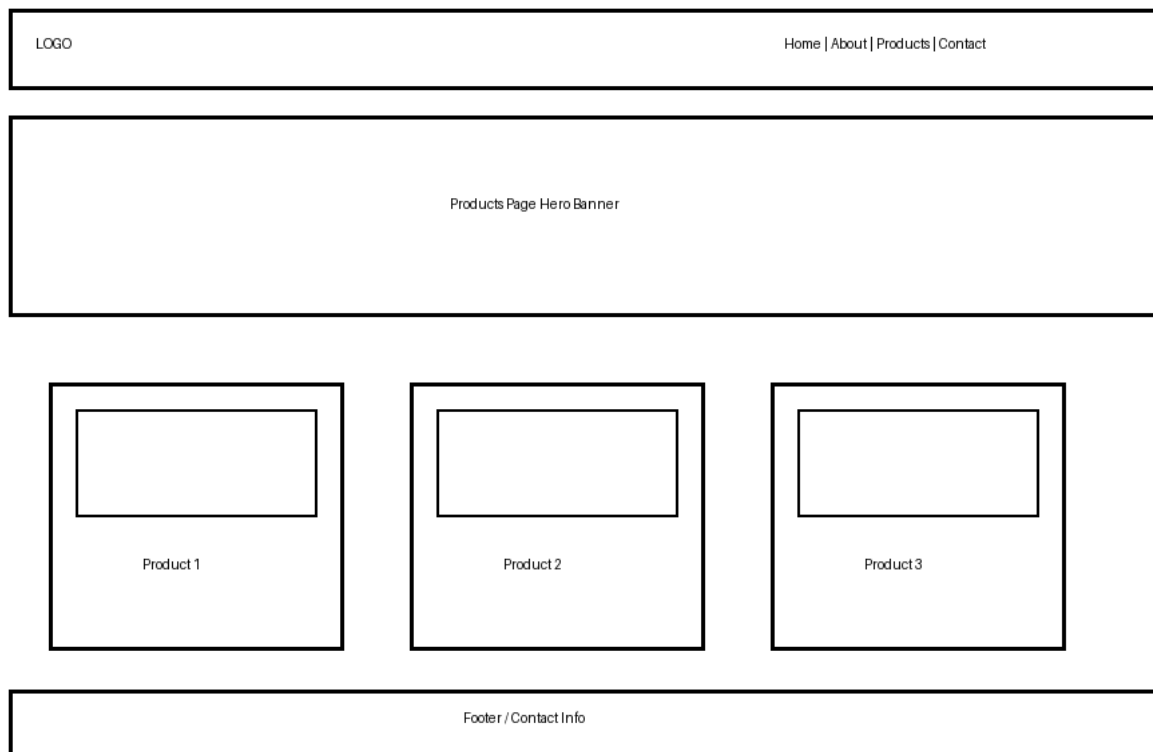

Week 1: Planning and research.

Week 2: Website design and wire frames.

Week 3: Development using HTML, CSS, and JavaScript.

Week 4: Testing, corrections, and final launch.

6. Website Wire frames
